A: English (20 Marks / Questions)

Read the following paragraph and answer the next question.

The oil industry was born in the United States around the time of the Civil War. As the world's largest oil producer and exporter, the US supplied the oil on which the Allied Forces floated to victory in World War 1. In 1920, 64% of the world's oil was produced in the US. The growing uses of petroleum in modern American industrial society led several domestic companies to secure oil concessions in Mexico but foreign production was not actively sought after the First World War.
